Re: Important: Provider/Practice Updates

As a reminder, it is critical that we receive your practice data updates/changes in a timely manner. Failure to keep this information current with the Plan may result in:

- Incorrect claims payments (possibly resulting in your need to resubmit claims)
- Inaccuracies in our Provider directories, resulting in delayed access to care for our Members/Participants
- Delays in communicating requirements for recredentialing which can result in Provider disenrollment from the Plan.

To access the ACP/ACP CHC/ACP VIP Care Provider change form, please visit our website:
